Request for Quotation

Request Date: August 29, 2024

Deadline for Quotes: September 16, 2024

Field Inspection: September 10th or 11th, 2024 by appointment only

Project: GLS Chamber Wall Refresh - Foley

This is a Request for Quotation (RFQ) for materials and services in connection with the U.S. District Court (USDC), Northern District of New York Cyclical Maintenance Plan of the James T. Foley Courthouse, located at 445 Broadway, Albany, NY 12207. This is a request for Open Market Pricing.

- This request does not commit the government to pay for any costs incurred in the preparation of the submission of your offer or to contract for supplies or service should none of the vendors meet the necessary specifications.
- All contractors must agree to the Terms and Conditions set out in Attachment A.
- A fixed price award from this RFQ will be made based on the lowest technically acceptable offer. Offers are evaluated based on price. Award may be made to the lowest-priced offer or quote which meets the technical requirements outlined in the statement of work and is made by a responsible offeror, subject to the availability of funds. The court reserves the right to issue a purchase order awarding all, some, or none of the project. No additional funds will be awarded to the awarded contract for any corrections or errors due to failure of the contractor to examine the project or to thoroughly understand the nature and extent of the work to be performed. Technical specifications are listed in the attached Scope of Work (SOW). Vendors are urged to submit their best and final offer because no negotiations will take place after offers are received.
- The awarded vendor will be required to register with SAM.gov or complete the Court's AO213 form before a purchase order will be issued. Vendors are required to do such within two days of notification of award.
- All quotes shall be accompanied by a detailed, line item cost estimate and a proposed schedule of operations (see attached samples), including estimated times for completion and number of crew needed to accomplish the work. The proposal shall include all costs associated with the project. No amendments shall be allowed after award has taken place.
- Proposals must include the total cost to complete the scope of work in accordance with this RFQ. No additional charges including fuel surcharges, unforeseen, or unplanned expenses will be accepted.
- Attached drawings are for reference only. Field measurements are recommended. Changes can not be made after award.

- The contractor must be willing to start work based on a purchase order. No down payment or advance will be allowed
- Contractor must submit names of employees for security clearance within two weeks of award. Employees must be fingerprinted by the Court during normal business hours by appointment only.
- A site review for the purpose of responding to this RFQ will be conducted by appointment only. Please schedule an appointment with Michelle Capozzi via email.
- Contractors may submit questions via email to Michelle Capozzi. The deadline for submission of questions is September 11, 2024. Responses will be shared with all contractors submitting proposals.
- Quotations are due on or before September 16, 2024
- Quotes must be valid through September 30, 2024
- Contractors will be responsible for any damage to the building, furnishing during the course of work being performed.

Quotes:

Submit a quote for the material and work to be completed, along with your approach and project management in accordance with the attached Statement of Work. All proposals should be detailed how work will be accomplished and acknowledge compliance with the RFQ. Quotes may be emailed or mailed:

STATEMENT OF WORK (SOW)

Description of Project

1.1 Parties

Contractor: The “contractor” includes the contractor, the contractor’s employees, any subcontractor/supplier, or subcontractor’s/supplier’s employees who provide services to the court on behalf of the contractor at a specified price.

Court: The “court” includes one or all of the following judicial agencies of the United States District Court for the Northern District of New York: the District Court Clerk’s Office, the Pretrial/Probation, and the Bankruptcy Court. Court projects may also include shared projects between the court agencies.

General Services Administration (GSA): GSA is an independent federal government agency that leases space to other federal government agencies including the court.

1.2 Introduction

The USDC has developed a Cyclical Maintenance Plan to help with space and facilities upkeep. This plan includes a cyclical carpet replacement schedule which identifies areas for carpet replacement each year.

1.3 Objectives

The project is part of the Court’s Cyclical Maintenance Plan which has identified certain walls at the Foley Courthouse for refresh in 2024. The project aims to replace this carpet in an efficient and timely manner, with minimal disruption to the Court schedule.

1.4 Scope

The Scope of Work (SOW) for this RFQ includes all labor, including supervision, tools, materials, equipment, transportation, licenses, permits and incidentals required and/or implied for the complete and satisfactory performance to facilitate the renovation of GLS Chamber on the 4th floor of the Foley Courthouse, 445 Broadway, Albany, NY. The specific details of the SOW are outlined in the attached in the Judiciary Project Requirements.

1.5 Requirements

- Any contractor providing a quote for this project must have at least five years’ experience with commercial level construction and have the manpower, equipment and tools required to complete the work to industry standards.
- Any contractor providing a quote must attend the **Project Review/Field Measurement**, as noted above.
- Before repair or installation of services commence, the contractor must inspect the work site and ascertain all information necessary for the diligent performance of the contract requirements. The contractor must notify the POC of any conditions that might prevent the performance of these requirements.
- Contractor will attend a pre-construction meeting prior to project start to finalize schedule
- Contractor will provide an onsite Supervisor with a thorough knowledge and understanding of the designated work assignments, tools and equipment employed in the execution of this contract, and of the rules, regulations, and standards of the industry

- The Supervisor shall be available to oversee and inspect all work completed, ensure that all areas are left clean each night, and will be accountable during all working hours to oversee performance of all obligations under this contract
- The Supervisor shall be available at the start of the shift to the USDC Project Manager for daily dialogue, to review completed work and any special problems, and to receive instructions relative to daily activities
- All contractor staff and subcontractors must have the technical knowledge and experience with the required demolition, construction, electrical, plumbing and any other trades required by the contract
- The contractor will work at the convenience of the court and must be available to complete the work days, evenings and weekends as dictated by the project scope of work
- Number of crew members shall be appropriate for amount of work to be completed in a given night
- All crew members must receive a security clearance and obtain an access badge through the Court prior to starting work on the project and return the badges upon completion of the project. Payment will not be made until badges are returned
- The Court & GSA must approve all materials used and workmanship performed for this project, and sign-off on completed work prior to payment.

1.6 Contractor Acknowledgments

In addition, what is outlined in the SOW, contractor acknowledges the following conditions:

- Contractor will order, receive and store any new material as defined in the SOW until installation;
- Contractor will prepare and clean walls including all skim and patching needed for a level 4 finish
- All work shall be completed during regular business hours between 8:30 a.m.- 4:00 p.m., or as otherwise outlined in the SOW or arranged with the court
- Building will be occupied for the full duration of work
- Project to be completed to the satisfaction of the court and GSA
- All materials, trash, debris and equipment must be picked up from site at end of each day
- The court is not responsible for any material, tool, or equipment left at the project site
- Each phase of work is subject to inspection at any time
- Contractor will be responsible for any damage to the building
- Contractor will be responsible to project adjacent work areas and finish surfaces from damage
- Contractor shall field verify all measurements
- Contractor will have access to a loading dock but must share access with other vendors and contractors as needed
- Contractor will have access to elevators keeping notice of weight limits
- Any and all additional work necessary to complete the project as outlined in the SOW to meet industry and manufactures standards and to the satisfaction and approval of the Court and GSA
- Any and all additional work necessary to meet all local building, fire and safety codes, and the Terms and Conditions set out in Attachments A&B

The intent of the SOW and conditions provided above is to convey the work that will be covered under the contract when awarded. However, failure to identify incidental items that would be required to achieve the scope provided, will not constitute a change order

The Court shall perform the following task as part of the project:

- Remove all furniture to allow for renovation of the space

1.7 Deliverables

The list below identifies the main deliverables included in the GLS Chamber Wall Refresh SOW and will be required to complete the project. Please see the attached SOW and drawings for a more detailed list. Also noted, contractor should take field measurements to confirm accuracy.

- Minimum of two coats of new paint per court specifications;

1.8 Schedule for Performance and Delivery/Milestone Schedules

- A decision for awarding the contract will be made when funding is available
- A Purchase Order for this project will be issued as soon as the project has been approved and the contract has been awarded
- A detailed work schedule will be arranged once the contract is awarded and crews have received clearance
- Contractor may submit partial invoices for work completed once the area has been inspected and approved. Submitting of partial invoices shall be limited to once a week
- Contractor may submit final invoice once project has been inspected and accepted as completed by the court and GSA

1.9 Review Period for Deliverable

The Court will review each deliverable with the Supervisor within 24 hours of completion of installation. Any discrepancies will be noted and must be addressed within 72 hours of the review

1.10 Acceptance Criteria for Deliverables

The following criteria will be used to evaluate the performance of the contractor to meet the contract requirements:

- Skim and patch walls for a level 4 finish
- Minimum of two coats of paint
- All trash, remnants, etc. shall be removed and space completely cleaned upon completion of installation
- Remaining materials to be moved to storage upon the discretion of the court

1.11 Environment

All staff will be relocated during the refresh

1.12 Locations for Performance and Points of Contact

Location:

All work will be conducted at the James T. Foley Courthouse, U.S. District Court, 445 Broadway, Albany, NY 12207

Points of Contact:

The following individuals will be the main points of contact for this project:

Michelle Capozzi, Procurement Administrator, Project Manager. (315) 447-5320 (cell)

1.13 Access to Judiciary IT Networks

At no time shall the contractor have access to the Judiciary IT Network or Bench and Bar Wi-Fi.

1.14 Government Furnished Material

Except for relocation of furniture and equipment, no equipment, materials, or service of any kind shall be provided by the Court

1.15 Contractor Furnished Material

The contractor must furnish all equipment and materials needed to perform the SOW. Equipment or materials may not be stored in the courthouse during the duration of the project without permission of the court. In addition:

- Unless otherwise agreed between the parties, the contractor must furnish and use supplies, materials and equipment that are commercially available products of reputable manufactures or suppliers. These supplies, materials, and equipment may not harm or damage the surfaces to which they are applied, or any other part of the building, its contents or equipment
- The POC must approve and determine the suitability of the supplies, materials, and equipment used by the contractor before the contractor starts work. Note: The contractor cannot perform work that involves asbestos or lead paint removal. The court must refer this work to GSA for abatement
- The contractor must supply warranty information on products, materials and workmanship
- The contractor must post Material Safety Data Sheets (MSDS) for all products used in this project at the job site that could pose a health risk, such as glue, paint, solvents, etc. Additionally, the contractor must provide a copy of the MSDS to the Court. GSA reserves the right to prohibit the presence, storage, or use of any hazardous material in the building
- The contractor will be responsible for moving all appliances and equipment necessary to perform each project

1.16 Utility Shutdowns

Contractor must give the court 72 hours advance notice of any required utility shutdowns. All utility shutdowns and/or fire/safety test must be coordinated with the GSA Building Manager

1.17 Safety and Health

All work must comply with the applicable OSHA and EPA requirements of 29 CFR §§ 1910 and 1926 and 40 CFR § 761. All work must comply with the applicable state and municipal safety and health requirements. If the applicable regulations conflict, the most stringent regulation applies. In addition:

- The contractor must provide the materials, barriers, and safety equipment necessary to protect pedestrians and property during the implementation of this contract
- The contractor must provide all necessary safety equipment, ensure that the equipment is used properly, and ensure that safety procedures used are adequate for the job being performed
- The contractor must report any accidents that occur on the job site to the court
- The contractor shall remove all hazardous materials brought into the courthouse at the conclusion of each work day or night and at the conclusion of the project unless other arrangements have been made with the court. If any hazardous materials are left in the

courthouse at the conclusion of the project, the contractor shall return to collect and properly dispose of the materials of the contractor will be changed for the disposal of those materials

- Any construction project should consider Indoor Air Quality (IAQ) in design and implementation. If applicable, during demolition, dust and noise control must be included. During construction activities, dust and noise, as well as odors and vapors must be controlled. Paints, varnishes, stains, solvents, etc. are to be low or non-VOC (volatile organic compounds), unless no alternatives are available (documentation of such must be provided). Activities that may negatively impact other tenants in the building will be required to be conducted after normal working hours (after 6:00 p.m. and before 7:00 a.m. weekdays or on weekends) with prior approval by the Court. Ventilation needed to control odors, dust, VOCs, etc., either for protection of construction workers or deteriorated IAQ of building tenants, will be the responsibility of the courts

1.18 Security Drawings and Building Documents

Associated plans, drawings, or specifications provided under this solicitation are intended for use by prospective contractors. In support of this requirement, the court requires contractors to:

- Limit reproduction, dissemination, or disclosure of covered materials only to persons/parties related to this acquisition or otherwise authorized to receive such information;
- Use reasonable care to safeguard any drawings or solicitation documents provided by the court; and
- Make every reasonable and prudent effort to destroy or render useless drawings and solicitation documents, except for the contractor's record copy

1.19 Workmanship

- The contractor must accomplish all work in accordance with the best practices of the trade and coordinate and schedule all work with the POC. In addition:
- The contractor must use an adequate number of skilled workers who are thoroughly trained and experienced in the necessary crafts, and who are completely familiar with the specified requirements and methods needed for the proper completion of the work

1.20 Clean-up

- The contractor must remove all debris generated in the performance of this contract on a daily basis. The contractor may not use the dumpster or trash receptacles within the building. Any cost associated with ordering a dumpster for this project shall be paid for by the contractor. The contractor will inform the POC if a dumpster is needed.
- The contractor must remove and dispose of all unused materials, containers, wrappings, trimmings, and other debris accumulated during performance of this contract.
- Upon completion of this project, the contractor must clean the space before leaving. Cleaning must include, but is not limited to, wiping down surfaces from construction dust, removing all tape, vacuuming carpets, and cleaning floor tile.

1.21 Quality, Performance, and Acceptance

- The court will periodically inspect all work during the performance of the contract to assess the quality of work being performed. The contractor and court will agree to address all

performance issues immediately after they are discovered whether by the contractor or the court

- The court monitors contract performance closely to ensure that required end-items are delivered on time and are in compliance with the statement of work
- Work shall be completed within the agreed upon schedule after the post award meeting is held with the court and the contractor. Extensions may be granted, but only with prior approval of the court
- Upon completion of the project, the POC will conduct a walk-through with the contractor to inspect the work. The POC will ensure that the work has been satisfactorily completed and confirms with requirements set forth in the contract. The POC has the right to reject any unsatisfactory material or workmanship.

APPLICABLE JUDICIARY TERMS AND CONDITIONS

1. **Procurement Provisions, Clauses, Terms and Conditions.** Once the contractor has accepted a purchase order, by either signing the purchase order or providing the service, this RFQ and SOW will become the basis for the contract. The contractor selected for this award must abide by all the terms and conditions listed below.

(A) Provision B-1, Solicitation Provisions Incorporated by Reference (SEP 2010)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the contracting officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this address: <http://www.uscourts.gov/procurement.aspx>.

(B) Clause B-5, Clauses Incorporated by Reference (SEP 2010)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. If the resulting contract is subject to the payment reporting requirements, the failure or refusal by the offeror to furnish the information may result in a 31 percent reduction of payments otherwise due under the contract.

- (c)** The TIN may be used by the government to collect and report on any delinquent amounts arising out of the offeror’s relationship with the government (31 U.S.C. § 7701(c)(3)). If the resulting contract is subject to payment recording requirements, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror’s TIN.

- (d)** Taxpayer Identification Number (TIN): _____
[] TIN has been applied for.

(e) Type of Organization:

- [] sole proprietorship;
[] partnership;
[] corporate entity (not tax-exempt); [] corporate entity (tax-exempt);

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at <https://www.dol.gov/agencies/whd/government-contracts>.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

State Adopted Rate Identifiers

Classifications listed under the ""SA"" identifier indicate that the prevailing wage rate set by a state (or local) government was adopted under 29 C.F.R. 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 01/03/2024 reflects the date on which the classifications and rates under the ?SA? identifier took effect under state law in the state from which the rates were adopted.

----- WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour National Office because National Office has responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

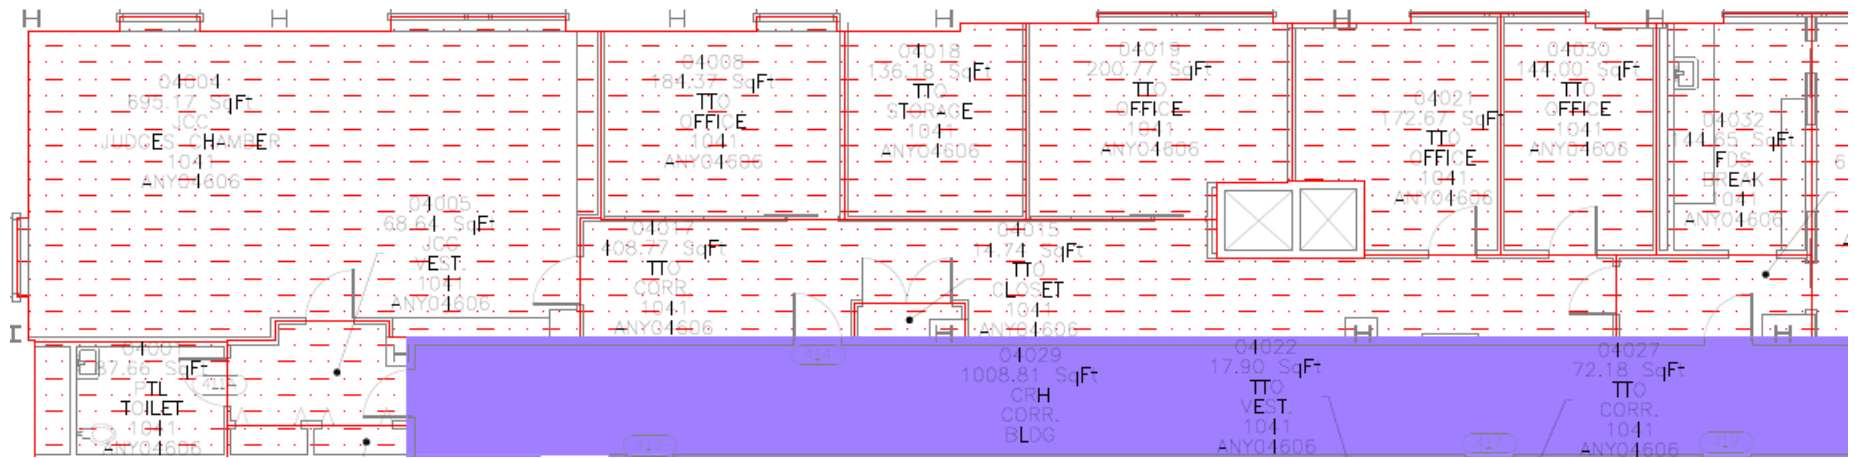

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
